

F190 AXP 13 T Crane

Specifications and Options

- 3 Hydraulic boom extension with side mounted extension cylinders
- 2 Extra control functions piped to end of boom
- Hydraulic stabilizer legs to 6.62m spread
- Supplementary beam 4.1m spread fully hydraulic
- 2 No Worklights to outer boom
- 5 function Fassi Evolution radio remote control

Lifting Capacities

- 6280kg @ 2.3m
- 3845kg @ 4.15m
- 2620kg @ 6.0m
- 1955kg @ 8.0m

Maximum lifting moment 16tm

- Slew 390°
- Adjustable slew arc limiter
- Slew torque 21.5knm
- Maximum working pressure 315bar
- Flow rating 40LPM
- Oil tank capacity 60lt
- Standard crane weight 1630kg
- Crane CE Marked
- Moment control system hydraulic
- Crane painted red
- Operating and instruction manual

- Install crane and supplementary outriggers to chassis
- Full length subframe
- PTO & Bent axis piston pump hand brake interlocked
- Crane side plates and mounting blocks
- Overheight warning buzzer
- Load test crane and certification

- 17' flatbed steel body
- 3mm durbar floor
- RHS side raves
- Low height headboard
- Plastic mudwings c/w spray suppression flaps
- Steel side guards
- Side marker lights LED
- Body painted Black

1 No 3500kg Hydraulic centralising car lift frame

- Kinshofer continuous rotator, link and pipework
- 1 Set of four car lift clamps c/w straps and 12" extension straps

1 No 1500kg all hydraulic second car lift c/w L arms, straps

- 7 pin socket

Options available

- 2 pairs work lights
- Rear stalk lights
